The Challenges and the Environment:

1. Customer expectation and special care

Temperature, humidity, light, hygiene and security are needed to be concerned as in its place of origin

2. Hong Kong as a gateway to China

The customs and quarantine process are now well-simplified and transparent. Many Chinese trading firms have strengths in managing the entire import process of wine.

HKQAA Wine Storage Management Systems Certification Scheme

A scheme based on ISO 9001 for assistance of systematic actions against wine deterioration in all wine storage facilities. It encourages organisations to set up management systems for risks of handling wine.
